

## Hollow Plinths

The hollow plinth collection is a simple system allowing for multi functional display solutions. The plinths are made from MDF with invisible joints and finished to a cabinet makers standard and sprayed in durable white paint. The hollow plinths are an ideal for displaying multiple items on one plinth and create a great statement when added together to form larger pyramid style structures. A perfect choice of plinth if you are looking to mix and match shapes and sizes. Each plinth will support an approximate weight of 20-30kg.
