

Metal Frame Plinths with Lacquered White Display Tops

If you are looking for a plinth that is simple and stylish with clean elegant lines, then the metal frame collection is ideal. The solid metal frame is made from durable 18mm steel, hand finished and powder coated black to allow for a seamless semi matte finish. In line with the quality and durability of the metal frame, the top display surfaces of these plinths is made from highly lacquered MDF with a mirror-like finish and sit elegantly on the black powder coated metal frames. Our metal frame plinths with lacquered white tops are a perfect choice of plinths if you are looking for a very sharp and contrasting display plinth. These plinths will hold a substantial weight of approximately 250kg.
