

Small Metal Frame Hanging Rails with White Lacquered Bases

Like the large clothing rails, this singular clothing rail matches the design and form of our metal frame plinths. The single unit has a triangular metal structure with a stalk arm that provides hanging for 1-3 items. At the base there is an interchangeable platform ideal for displaying shoes and other accessories.

This is a perfect rail if you are looking to show off a beautiful, special garment as a real feature.

Hanging rail length: 350mm
